Welcome to anyone who has explored at least part of the materials sent out for this study during 2021 - the more the better. The outline is overleaf. (If you're uncertain, contact Elizabeth *below*.)

The weekend will be a time of conversation and reflection on the Quaker heritage from the Biblical and Christian tradition. We'll move through the sequence as you've read it: Jesus and his impact on his followers, including the communities which developed; the people who formed the historical states of Israel and Judah, and how their concepts of community and faith contribute to what it is to be human; Quakers and Christianity - over time, worldwide today, and in our spiritual life.

What do these traditions mean to us?

Your experiences and reflections will form an important part of the shape of the weekend. Feel free at any time beforehand to send in comments, questions, and suggestions of topics you would like to be considered.

There will be some free time to rest, read, talk with others or explore the Settlement.

You'll find it useful to bring a Bible, though if this is inconvenient there are several versions at hand in the Quaker Library.

Send any queries on the programme, including interest in possible Zoom sessions, to
